

Ritaglia ogni singolo elemento e ricomponi
sul quaderno il ciclo vitale dall'uovo al
pulcino.

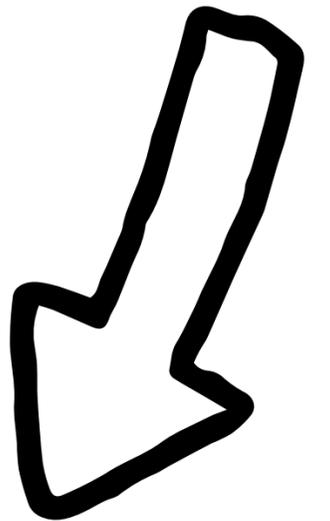

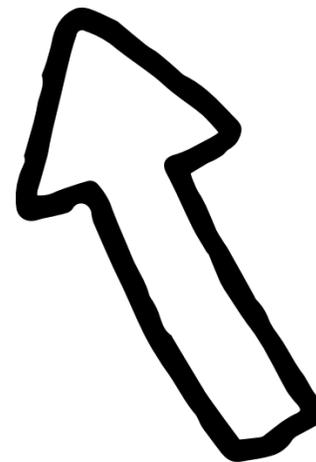

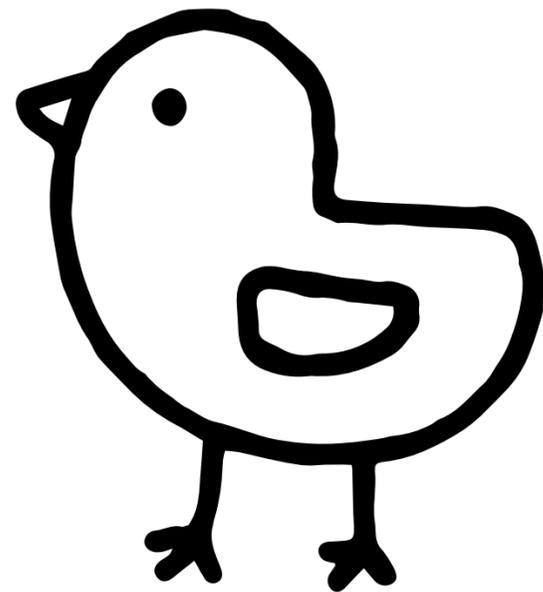

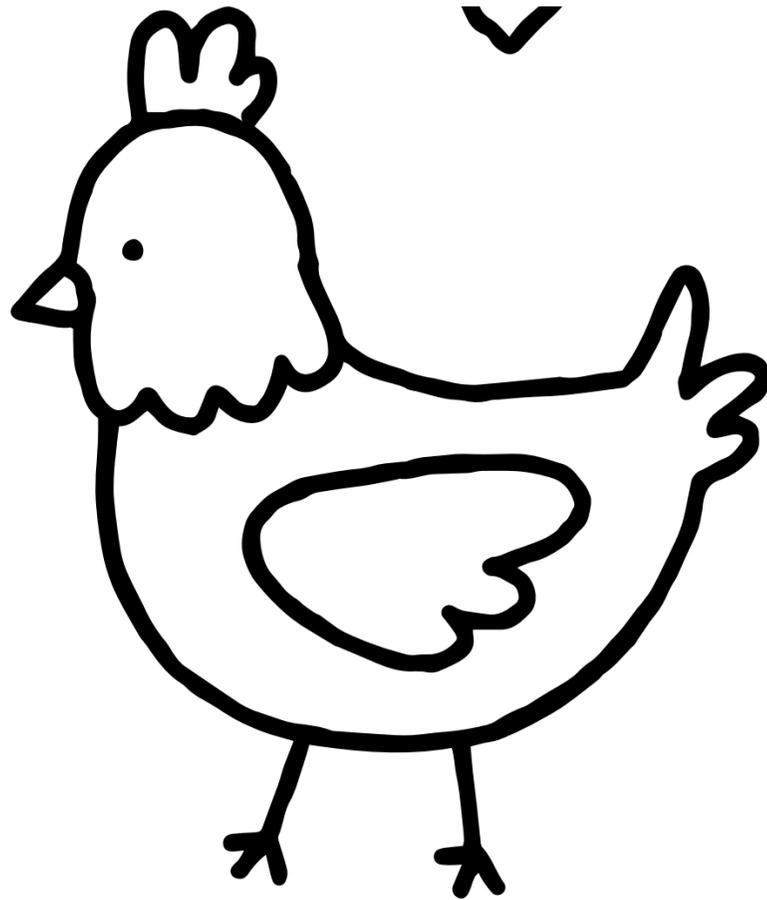

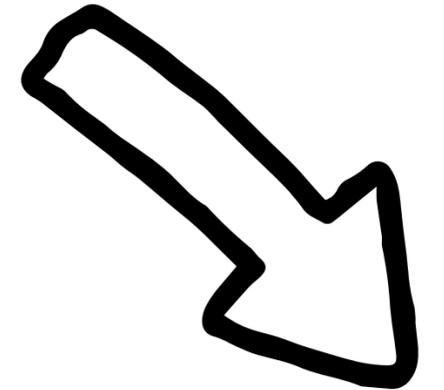

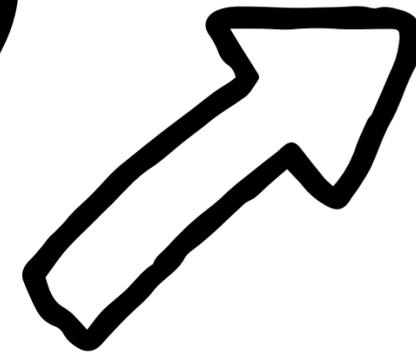

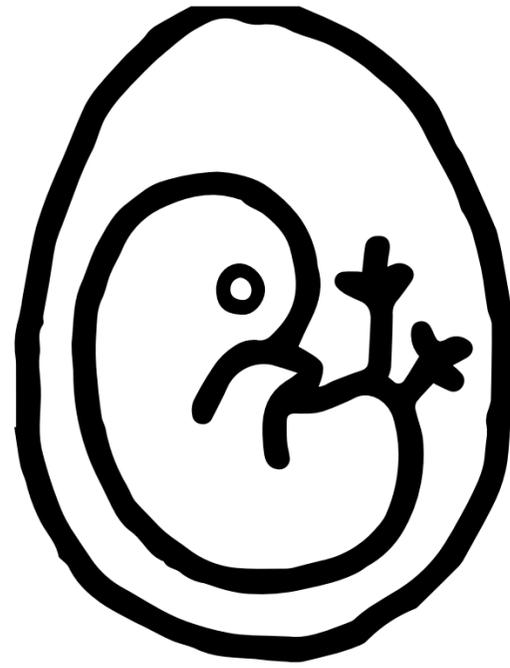

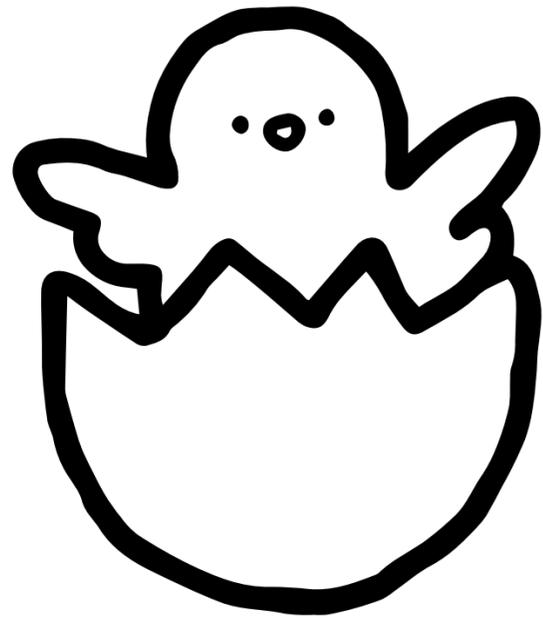

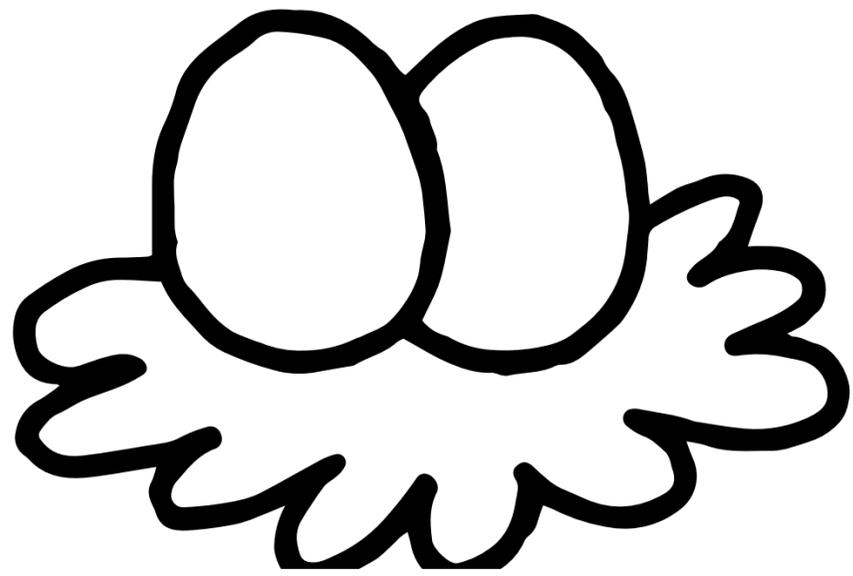

Dopo 21
giorni il
pulcino rompe
il guscio

Pollastre e
galli crescono
molto
velocemente

Il pulcino esce
dal guscio

Depone e
cova le uova

Ritaglia ogni singolo elemento e ricomponi
il ciclo vitale dall'uovo al pulcino da
incollare sul quaderno.
